

1975 ZODIAC

A black and white photograph of a tree with bare branches against a cloudy sky. The branches are dark and silhouetted against a lighter, cloudy sky. The text is in the upper right corner.

ZODIAC 1975

TELSTAR REGIONAL

We, the class of 1975, dedicate this yearbook to Mrs. Helen Berry. She has given a lot of time and effort to our class, and is always willing to help with our problems. We feel that this dedication is just a small token of our appreciation.

What Is A Field Hockey Player?

She is a marvelous creature - you can defeat her but you can't make her quit; you can take her out of the game but you can't take her out of field hockey; you can bruise her shin and bang her fingers but she is back with tape. She may not be All-American but she is an example of the American way. She is judged not for her race, not for her religion, not for her social standing, or for her finances, but by the Democratic yardstick of how well she dribbles, drives, dodges, flicks, and works with the team instead of for individual glory.
